

REYNOLDS METALS COMPANY D.B.A. ALCOA ARCHITECTURAL PRODUCTS

A wholly owned subsidiary of Alcoa

REYNOBOND® ALUMINUM COMPOSITE MATERIAL

This warranty ("warranty") is extended by Alcoa Architectural Products ("AAP") to the property owner ("owner") identified below. Subject to the terms and conditions set forth in this warranty, AAP warrants that the Reynobond Aluminum Composite Material ("ACM") furnished by AAP for installation on the property will not exhibit any visually observable deformation as a result of delamination of the aluminum skin from the core material due to manufacturing defects.

This warranty coverage is subject to the terms, conditions, limitations, remedies and legal rights set forth below.

1. This warranty period shall commence six (6) months from AAP's initial shipment of the product, or upon substantial completion of the job, whichever occurs first. This warranty will remain in effect for a period of ten (10) years. In the event any part of portion of product fails to conform to this warranty, AAP, as its sole option, shall refund the purchase price of the product or refurbish, repair or replace the defective product.
2. The remedies set forth in this warranty shall constitute the owner's exclusive remedies and AAP's sole liabilities for breach of the warranty set forth above. AAP's liability hereunder shall not exceed the purchase price of the product purchased hereunder. AAP shall not be liable or responsible for, any labor costs, special, indirect, incidental, punitive or consequential damages in connection with the product. Other than AAP's standard coating warranty, if any, for the product, AAP makes no other warranties as to the product, written or oral, express or implied, including, but not limited to any warranty of merchantability or fitness for any particular purpose. No modification or change to this warranty shall be effective unless it is made in a written document signed by an officer of Alcoa.
3. The warranty period for any repaired or replaced product shall be for the remaining unexpired portion of the original warranty period for the product.
4. As color variances may occur between replacement products in comparison with the originally installed product due to normal weathering and aging of the originally installed product, this will not be indicative of a defect in either the replacement product or the originally installed product.
5. AAP reserves the right to discontinue or modify its line of Reynobond composite products at any time. In the event the original product ordered is no longer available, AAP agrees to use commercially reasonable efforts to substitute a comparable product.
6. This warranty covers only the bond integrity during normal use and service. It does not cover any delamination attributable to causes or occurrences beyond AAP's control, including, but not limited to, improper fabrication or installation of the product, exposure to corrosive atmospheres such as those contaminated with acid rain, harmful chemicals or vapors, unreasonable use, misuse, physical abuse, accidental damage, vandalism, use of incompatible accessories, fire, flood, earthquake, lightning, ice, windstorms, other acts of God, wind borne objects, building settlement, or structural failures (including walls and foundations) or the use of harmful cleaning compounds. It does not cover the normal weathering of any exposed core material due to UV exposure.

This warranty is non-transferable and runs only to the owner.
