Medium Bronze Mica

JY-2570
Copper Penny Mica

MICA & METALLIC FINISHES

are directional finishes - requiring special precautions during planning, purchasing, fabrication, and installation in order to minimize the chance of visual color differences due to color batch variation or metallic flop. It is highly recommended that all material for a single project be ordered at the same time. With these finishes, directional arrows on product protective film should always be installed in the same direction.

3 COAT METALLICS 30 Year Finish Warranty

JY-3510
Bright Silver Metallic

ARCHITECTURAL COATINGS

Alfrex is coil coated utilizing 70% Kynar 500® / Hylar 5000® PVDF resins with fluoropolymer technology, providing excellent flexibility and film adhesion, with superior resistance to humidity, impact, salt spray, pollution, and abrasion, while meeting industry performance standard AAMA 2605.

Wood and metal design finishes utilize both PVDF and HDP (Highly Durable Polyester) to achieve design effects and textures while meeting industry performance standard AAMA 2604.

CUSTOM COLOR MATCHING

Alfrex provides custom matching to transform your imagination into reality using the color or finish of your choice. Simply send us a color sample, coating manufacturer paint code, Pantone number, or PMS number, and we'll quickly turn around an accurate match that meets your project requirements.

** Contact us for more information on our Alfrex FR ACM, matching 1mm flat sheet, and Alfrex Plate.
